2023 SEASON PREVIEW

Season 2 is primed and ready to build on the already impressive accomplishments of the bridge's inaugural campaign in 2022, both on and off the pitch.

"We are so excited for the 2023 Ballard FC season! Last year, our inaugural season, was an absolute dream and we have had a blast in the offseason preparing for another special season. The community has rallied around this club and it has been such a joy building this club together. Ballard FC is all about creating community through fun, inclusive, and accessible soccer and we strive to make an impact on and off the field."

-Sam Zisette, Ballard FC Co-Founder

"In one short season, Ballard FC has taken big steps towards our goal of becoming a community institution, with thousands of people flocking to our matches, our players going on to professional careers and high impact partnerships launching with community-critical nonprofits. Joining the Common Goal movement as just the second team in the US alongside much larger international professional teams and superstar players shows that, while rooted in Ballard's history and community, we're dreaming big and only have greater things in store for Ballard FC as we go forward."

- Chris Kaimmer, Ballard FC Co-Founder
